

Registration Site Survey Results

Alan Jones, RunTime Software

October 10, 2014

I created a survey asking timers what their favorite registration site was and what sites they used. We got 62 responses from RunScore timers. In order to get a broader base for responses, I asked Roger Bradshaw, The Race Director, to send it out to his timers; 109 responded to date. The results are combined in the graphs below.

What registration sites are you currently using?
